

ERRATUM: Yoshinaga J et al. (1996) Stable carbon and nitrogen isotopic composition of diet and hair of Gidra-speaking Papuans. *Am. J. Phys. Anthropol.* 100:23–34 (1996).

The article reported dietary isotopic composition in units of parts per thousand (‰), and also percentage (%) intake and other percentage data. On several pages, percentages (%) were incorrectly shown as parts per thousand (‰). The correct information for the given pages is the following:

- p.28, column two, 8th line from bottom: “. . 50-70% of the total dietary . .”;
- p. 31, column one: 14th line from top: “. . 13% of total protein intake . .”;
- p. 31, column two: 11th line from top: “. . 30% contribution . .”;
- p. 31, column two: 14th line from top: “. . 0.4% (1981 dry season) . .”;
- p. 31, column two, 15th line from top: “. . 3.6% (1971) wet season . .”;
- p. 31, column two: 14th line from bottom: “. . 17% of total protein intake . .”;
- p. 31, column two, last line: “. . 25% at the cost of plant foods . .”;
- p. 32, column one: 15th line from bottom: “. . 80% of it falls in the wet season. .”.
